

Partnership Benefits Overview

For Prospective and Active Partners · Civic Education Kenya (CEKA)

Document Type:	Partner-Facing Information Document	Classification:	Confidential — For Partners Only
Prepared By:	SG Founder, Civic Education Kenya (CEKA)	Distribution:	Prospective and Active CEKA Partner Organisations

1. About CEKA

Civic Education Kenya (CEKA) is Kenya's leading open-source civic technology organisation, building digital infrastructure for democratic participation, legislative transparency, and activist safety across East Africa. CEKA's platform includes the Legislative Tracker, NASAKA IEBC (electoral office finder), Constitution RAG Chat, People's Audit, and the Community Platform — collectively serving over one million monthly requests and a growing civic community across Kenya's 47 counties.

2. Partnership Tiers

CEKA operates a two-tier model designed to accommodate both emerging and established civil society organisations.

Free Tier — For organisations operating fewer than 3 years

- Inclusion in CEKA's public Partner Directory on civiceducationkenya.com.
- Cross-posting and mutual amplification of civic education content across platforms.
- Access to CEKA's civic datasets, legislative summaries, and published reports.
- Partner onboarding package including a welcome email, co-branding guidelines, and campaign asset templates.
- Invitations to CEKA civic forums, digital events, and community engagements.

Premium Tier — For organisations operating 3 or more years

All Free Tier benefits, plus:

- Co-branded civic campaigns designed in collaboration with CEKA's content team.
- Dedicated engagement reports detailing reach, impressions, and community interaction per campaign.
- Priority placement in CEKA's Partner Directory and featured recognition on all co-branded materials.
- Access to the CEKA Partner Portal: downloadable resources, co-branded assets, and a document centre.
- Collaborative access to CEKA's Pieces and Campaigns features for co-authored civic content.
- Invoiced on a per-campaign basis; fees agreed in advance in writing.

3. Collaboration Models

Within either tier, partners may engage with CEKA through the following formats:

Pieces Collaborations: Co-authored civic education content — articles, explainers, infographics — published on the CEKA platform and cross-shared to partner channels.

Campaign Collaborations: Joint civic awareness campaigns targeted at specific counties, bills, or electoral moments, with shared reach metrics provided post-campaign.

Data Partnerships: Mutual use of civic datasets for research or community engagement, governed by the Data Processing Agreement.

Event Partnerships: Co-hosting of civic education forums, community barazas, or digital town halls.

4. What CEKA Asks of Partners

In exchange for the above, all CEKA partner organisations are expected to:

- a. Align with Kenya's civic education values and the CEKA Partner Code of Conduct.
- b. Co-sign the CEKA Partnership Agreement prior to activation.
- c. Operate transparently and engage in good faith with CEKA's team.
- d. Honour the data governance obligations set out in the Data Processing Agreement where applicable.

5. Getting Started

Applications are submitted through the CEKA platform at civiceducationkenya.com. Upon submission, CEKA will review the application and respond within five (5) business days. Approved partners receive a welcome email with the Partnership Agreement attached for co-signing. Once co-signed, the partnership is activated and onboarding begins immediately.
